

LASALLE COLLEGE OF THE ARTS CONTINUING EDUCATION PROGRAMME

LASALLE's Continuing Education Programme (CEP) is designed for learners of all ages and abilities – from students to working professionals to seniors – to allow you to discover, learn and be inspired by the arts and design.

The purpose of CEP is to introduce you to new fields of interest and provide an enriching learning experience with no assessments to fret over. Taught by instructors who include full-time faculty members from LASALLE as well as industry professionals and practitioners experienced in arts education, courses are offered at convenient times and conducted in person or online.

Most of LASALLE's CEP courses are funded by SkillsFuture, with many supported by the National Silver Academy. Whatever your age or interest areas, a wide array of courses awaits you. So start your learning journey and join a community of lifelong learners today.
