

# Let's grow new skills together

Learning something new keeps you engaged and healthy. And when you're learning with friends, it's just way more fun!

**Join us today as a Silver Generation Ambassador, to grow in knowledge and skills.**

---

## Who are we?

---

The Silver Generation Office (SGO) is the outreach arm of the Agency for Integrated Care (AIC). Through our volunteers, the Silver Generation (SG) Ambassadors, we care for the seniors in our community and honour their contributions to our nation.

---

## What do we do?

---

Our SG Ambassadors:

- Build lasting relationships with Seniors by understanding their health and social needs, and what matters to them
- Connect Seniors to relevant programmes to stay healthy, active and connected
- Explain relevant Government schemes and policies to Seniors

Through your engagement sessions with seniors, a SG Ambassador will make a difference within your community. SGO will equip you with the informative training needed to effectively communicate with seniors, support and guide you through various learning and volunteer development opportunities.
